

Toulouse, November 4, 2013

Dear Professor Fabrizio Masci,

Following your interactive comment, please find enclosed a manuscript for submission to NHES. According to your recommendation the paper is now entitled: Some comments on the paper "Comparative study on earthquake and ground based transmitter induced radiation belt electron precipitation at middle latitude", by Sideropoulos et al., 2011.

The answers to the questions raised by the referees are given in a separate file.

Truly yours,

Jean-André sauvaud

A handwritten signature in black ink, appearing to read 'Jean-André sauvaud', with a stylized flourish at the end.
