

ISC: International Science Council

WFEO: World Federation of

Engineering Organisations

ISC / WFEO Members
(select examples below)

Membership
(e.g., working groups, affiliated organisations, adhering bodies, individual participants)

Sendai Framework Focal Points

International Union of Geological Sciences (IUGS)
International Union of Geodesy and Geophysics (IUGG)
International Geographical Union (IGU)

Sendai Framework Focal Points

Scientific and Technological Community - Major Group
(Organised by ISC / WFEO)

Broader Scientific Community

Examples of Bi-Directional Dialogues:

- Promoting opportunities to the membership to get involved in intergovernmental processes
- Coordinating surveys or key informant interviews with the membership to collate perspectives, priorities, or case studies (with these synthesised and shared with the Major Group Organisers).

UN Dialogue on Disaster Risk Reduction: Policy and Practice

Scientific Community

Science-Policy Interface

(with interfaces at other scales existing)
