## ***Interactive comment on “Assessment methodology for the prediction of landslide dam hazard” by S. F. Dal Sasso et al.***

**S. F. Dal Sasso et al.**

aurelia.sole@unibas.it

Received and published: 2 December 2013

Thank you very much for precious suggestions that will help us to improve our work . We appreciate the detailed review and we would upload our comments to the end of the interactive discussion, in order to meditate on the observations and examine the suggested materials.
