First of all, thanks very much for Prof. SM Mukherjee’s advice.

a) No 3 LST should be elaborated

Reply: Because of the original image is relatively large and the size limitation to upload, so I use smaller pictures. If you want to see the original picture, I will sent one to your mailbox. Thank you.

b)Method and Result has been repeated twice

Reply: Thank you for reminding me, I will go through once my paper and avoid the repetition.

c)The English of the manuscript should follow a flow with correct grammar as per EGU publications.

Reply: I am so sorry about the poor grammar in my manuscript. English is not my mother tongue, but I have done my best to write clearly. Recently, I will correct mistakes in grammar and choice appropriate words for my paper.
