

Interactive comment on “Evaluating quality of data collected by volunteers for first level inspection of hydraulic structures in mountain catchments” by V. J. Cortes Arevalo et al.

F. Guzzetti (Editor)

f.guzzetti@irpi.cnr.it

Received and published: 20 July 2014

Dear Mrs. V. Juliette. Cortes Arevalo,

thank you for posting your responses to the comments posted by the two independent referees. I have examined the comments of the two referees, which overall are positive, and your responses to the comments, which I have found thorough. I have then decided to accept your work, pending some revision to address the comments of the two referees.

I look forward to receiving the revised version of your work.

C1622

Sincerely,

Fausto Guzzetti
