Dear Editors and Reviewers,

Thank you very much for your helpful reviews of our discussion paper (“Evaluating intense precipitation in high-resolution numerical model over a tropical island: impact of model horizontal resolution”). We highly appreciate the valuable comments of the two referees. Please find enclosed the revised manuscript with our responses to reviewers and editors. Unfortunately, we didn’t finish the English language editing before the deadline. However, we will improve our English if the manuscript is accepted for the

C2147

publication.

Thank you again for your time and consideration.
