Received and published: 27 November 2015

Dear Editor,

we would like to thank you and both referees for your evaluation and constructive comments to improve our manuscript. We have modified the paper trying to take into due account all comments and suggestions.

This resulted in several changes with respect to the original paper.

The revised paper is provided here in clean version as a supplement

A point-by-point answer to the referees' comments, together with an annotated version of the paper, is provided in separate replies.

C2377

Best regards,

Gianluca Pagnoni

Please also note the supplement to this comment:
