

Interactive comment on “Scenario-based assessment of buildings damage and population exposure due to tsunamis for the town of Alexandria, Egypt” by G. Pagnoni et al.

G. Pagnoni et al.

gianluca.pagnoni3@unibo.it

Received and published: 27 November 2015

We thank the referee for the suggested corrections.

We are also uploading an annotated version of the paper, where replies to comments by Referee 2 are highlighted in green (in yellow comments by Referee 1).

p. 5112, second paragraph: "in the second half of 900" - I think this should be "1990"

We changed the text that probably was unclear. Now it is: "in the second half of the 20th century".

p. 5113, first paragraph: "Adopting a bathtub-like" - should be "bathtub-like" Done.
