Thanks for your comments and suggestions. We think that they are very valuable and will contribute to improve the paper.

We will proceed to prepare a new version of the paper, focusing on the points indicated by the reviewers and the editor, in particular in better explaining the methodology, the results and the conclusions. We hope that in several weeks we will have this new version ready.

Interactive comment on Nat. Hazards Earth Syst. Sci. Discuss., 3, 955, 2015.
