PREGRIDBAL 1.0: towards a high-resolution rainfall atlas for the Balearic Islands (1950-2009)

Toni López Mayol, Víctor Homar, Climent Ramis, and José Antonio Guijarro

Dear Editor,

We appreciate your support in the editorial processing of this manuscript, which we strongly believe contains interesting information for the NHESS reader. We also acknowledge the interesting suggestions made by the reviewers which have helped improve the quality and readability of the final version.

We have gone through the document and made numerous language modifications to make the text clearer.

Best regards,

Victor Homar and coauthors.
