

Interactive comment on “Vulnerability of bridges to scour: insights from an international expert elicitation workshop” by Rob Lamb et al.

Rob Lamb et al.

rob.lamb@jbatrust.org

Received and published: 15 June 2017

We are grateful to the referees and editor for their comments and guidance, which have helped us revise the manuscript.

The supplement is a further revision, addressing comments raised by Referee #2 and the editor, in which a short Conclusions section has been added.

Please also note the supplement to this comment:
