

Interactive comment on “Epistemic uncertainties and natural hazard risk assessment. 2. What should constitute good practice?” by Keith J. Beven et al.

M. Poole (Referee)

mike.poole@nda.gov.uk

Received and published: 12 September 2017

My name is Mike Poole and I am a Senior Research Manager at Radioactive Waste Management Limited (RWM) and I was asked by the editor if I would provide high-level comments on this Natural Hazards and Earth System Sciences journal paper.

To preserve formatting, I have made my comments in a PDF file which is uploaded as a supplement.

Regards Mike
