Interactive comment on "A New Approach for Land Degradation and Desertification Assessment Using Geospatial Techniques" *by* Masoud Masoudi et al.

Anonymous Referee #1

Received and published: 5 December 2017

this paper is suitable for publication in journal. Just points below can be considered: 1. Add more literatures in the latest five years to the Forward. 2. The quality of the figures must be improved (e.g. explanation of the legend). quality of and details of figure 1 is not suitable for an international journal. 3. Discussion may be improved. 4. results should be compared with other works with other approaches. 5. in case of equations: equation (1) must change to (3). 6. please explain more about the study area
