All notes and comments are very well appreciated. Rest assured that I will keep all your pieces of advice in mind the next time I take on my subsequent research work. With that said, I decided to withdraw my submission and give myself some time to work on my research improvements.

Interactive comment on Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2017-370>, 2017.
