

Interactive comment on “Integrating faults and past earthquakes into a probabilistic seismic hazard model for peninsular Italy” by Alessandro Valentini et al.

Alessandro Valentini et al.

alessandro.valentini@unich.it

Received and published: 29 June 2017

Dear Kris, Thank you very much for the helpful comments. Following your recommendation we'll improve the manuscript by modifying and re-writing part of the text and of the figures. In attachment you can find our answers and comments to your revision, replied point by point (in Italics); minor reviews not reported in this answer file have been directly accepted.

We hope to have fully answered to your requests, Sincerely, Alessandro Valentini (corresponding author)
