Dear referee,

We would like to thank you for your in-depth reading of our manuscript and for your constructive questions and comments.

Please find attached a zip file containing:

- Our answers to your general comments,

- All modifications performed according to more specific comments you made throughout the text in a “track-changes” pdf file. You’ll also find there the figures that have been modified according to your suggestions. One figure and one table have also been added to the manuscript,

- An updated version of the supplementary following your recommendations.

On behalf of the authors,

Hervé Jomard

Please also note the supplement to this comment:
