There are some comments:

1. A terminology Main Himalaya Thrust (MHT) is used throughout the manuscript. a confusion is that, where is that thrust? Is this the Main Central Thrust (MCT) used in Nepal or any other thrust in China? there is not clear where this thrust line MHT in the figures 1 and 2. 2. Line 153, 155 and other: the correct name of sunkoxi is Sunkoshi in Nepal. Please correct the spelling. 3. In the text, you use Armijo et al., 1988, but in the reference list you use 1986, please correct this. 4. Some of the references in the references list are not cited in the text.
