Thanks for submission of your manuscript entitled “Towards risk-based flood management in highly productive paddy rice cultivation – concept development and application to the Mekong Delta” Paper is relevant to the scope of the special issue and it is well written. I have observed some minor correction which improves the quality of work.

1) Fig.1, Geographical location of the Mekong Basin (Left Panel), observed the north arrow is missing. In addition, provide common scale bar and Graticule grid frame (Degree Minute Second) to both the panels. 2) Fig. 5, (B), provide the north arrow 3) Fig. 11, Provide the common scale bar to Fig A,B, C.
