Dear Madam/Sir,

Thank you for your revision of the manuscript 'A first wildfire risk assessment for Belgium'. In the attachment, you can find two pdf files. The first one is entitled 'Response to referee 2.pdf', and contains three chapters: (i) the referee's comments, (ii) the author's responses, and (iii) the revised manuscript, with all changes, additions, and deletions highlighted. The second file is a pdf file of the manuscript in its current form and is entitled 'Wildfire ignition probability in Belgium.pdf'.

I'd like to thank you once more for your constructive feedback, and I hope I was able to integrate the comments in the manuscript to your satisfaction.

Yours sincerely,

Arthur Depicker
