

Interactive comment on “Mapping Accessibility for Earthquake Hazard Response in the Historic Urban Center of Bucharest” by Cristina Merciu et al.

Anonymous Referee #1

Received and published: 5 May 2018

Dear Cristina Merciu,

thank you for addressing my suggestions and improving the reference list. Indeed the book in German by Frank Fiedrich is not yet available, as I also noted later on, the author is still working on it as a later conversation revealed. I apologise for not having checked it properly. The paper now fully corresponds to my suggestions and looking forward to see it published.
