Interactive comment on "An improved method of Newmark analysis for mapping hazards of coseismic landslides" *by* Mingdong Zang et al.

Mingdong Zang et al.

qishengwen@mail.iggcas.ac.cn

Received and published: 28 June 2019

We appreciate your valuable comments and suggestions. We have incorporated them in the revision as documented below. In order to easy follow, we replied all comments one by one as the enclosed document. We deeply appreciate the time devoted by the reviewer to the review process. Your constructive comments are invaluable to the improvement of our manuscript.

Please also note the supplement to this comment:
