

Dear Editor,

thank you very much for handling our manuscript. Sorry for the mistake with the missing column in table 2. We have exchanged the table as announced in our response. We have also modified the sentence referring to the table. We saw one error in the numbering of the tables: we have changed the number of the last table to "5", and also changed the reference in the text.

Figures have been technically optimized for publishing.

Best regards

Jörg Dietrich (for the authors)
