Dear Damien Serre,

Why did the corresponding author (Ferhat ÖZÇEP from Istanbul University Cerreh-pasa) withdrawn our article? Do you know about it?

My objection on the article was that submitted without my acceptance or allowance! I learnt about decision (withdrawn) of corres. authors after your email. It's not so interesting situation for me. It's not also suprise to me as c. authors has not any principle, I think so...

Whenas i studied directly on this work.

Firstly, He added my name to article without my allowance and withdrawn again with same way. It's joke

Best Regards.
