

Response to the reviewers' comments to authors (final acceptance)

We thank the editor in charge for accepting the new revised version of our manuscript for final publication in NHESS. We also thank the reviewers for providing their critical feedback for improvement. We think that responding in detail to each of their comments allowed us to strengthen our paper significantly.

Warm regards,

A handwritten signature in black ink, appearing to read 'J. León', with a long horizontal line extending to the left.

Dr Jorge León
