

Review to Flood hazard mapping and disaster prevention recommendations based on detailed topographical analysis in Khovd City, Western Mongolia, Author(s): Serdyanjiv Narangerel et al., MS No.: nhess-2024-91

Report #2

Anonymous referee #4, 04 Jan 2025

Dear Reviewer (Anonymous referee #4, 04 Jan 2025)

First of all, I would like to sincerely thank you for your valuable comments and suggestions. I have revised the manuscript thoroughly in accordance with your feedback. I paid particular attention to enhancing the scientific and methodological contributions to flood mapping. Specifically, I have made revisions to the sections on the Introduction (1), Area of Study (2), Photogrammetry by Drone (3.1), and Results (4), with corrections to sentence structure and meaning. Additionally, I rewrote the sections on Discussion and Conclusions in line with your comments.

All changes are highlighted in red in the manuscript.

I look forward to your reply.

Thank you once again.
